

# 2023 Counter-Terrorism Week

## SIDE EVENTS

20 June 2023 • 15.00 - 16.30 (Istanbul) 08.00 - 09.30 (EDT)

### INVITATION

## International Dimension on The Combatting of Terrorism (Challenges and Good Practice)

The overarching theme of the CT Week is “Addressing Terrorism through Reinvigorated Multilateralism and Institutional Cooperation”. The special theme of this event is “strengthening capacity building programmes – making them better fit for purpose to meet resilience needs, including urgent requirements”. Türkiye and the United Kingdom have a longstanding cooperation on counter terrorism matters; both countries continuously share information, experience and capacity with allied nations to tackle emerging terrorism threats.

<http://bit.ly/3J43f63>

In this side event, counter terrorism experts from both countries will explain how their respective institutions combat terrorism through multilateralism and cooperation with relevant national and international institutions. It will include observations about emerging and residual threats, the radicalization landscape, the international impact of terrorism and the importance of international cooperation, good practices and effective counter terrorism methods consistent with human rights and the rule of law.
